# Subject Index to Volume 8

Abbreviations, 243

Acetylation phenotype, clinical importance of, 89

Adverse effects, drug, 53
- Inhibition of drug metabolism by other drugs, 162
- of insulin, 361
- of lithium therapy, 262

Albuterol, 200

Amiloride hydrochloride, 266

Aminophylline, 224

Amipramizide, 266

Angina pectoris, 30

Anticoagulants, oral, nursing implications for warfarin administration, 168

Anticonvulsants, 419

Antiseptic solutions
- Disinfectants, dollars and diplomacy, 215
- For hospital use, 60

Bed sores, 29

Bilirubin, 53

Biological half-life and rational drug therapy, 68

BSP retention, 164

Buretrol units, 60

Cancer, ideas used to cure, 323

Cancer research center, drug therapy surveillance by a pharmacist in a, 46

Cardiopulmonary resuscitation
- emergency procedures in, 326
- pharmacist as a direct participant in, 56

Cardiovascular disease, therapeutic measures for the dental patient with, 96

Charting, problem-oriented record method, and its impact on hospital pharmacy service, 2

Clinical digest, 205

Clinical laboratory test, the pharmacist and,
- Bilirubin, 53
- BSP retention, 164
- Prothrombin time, 384

Clinical pharmacology
- Clinical importance of acetylation phenotype, 89
- Drug-protein binding and interpretation of measurements of plasma concentrations of drugs, 22
- Ideas used to cure cancer, 323
- Individualization of drug therapy, 376
- Inhibition of drug metabolism by other drugs, 162
- Rate of drug metabolism in chronic liver disease, 234

Clinical pharmacy
- A study of pharmacist contributions in an outpatient diabetic clinic, 15
- "big-time," in a small community hospital, 244
- Drug therapy surveillance by a pharmacist in a cancer research center, 46
- in a psychiatric hospital, 290
- what your administrator needs to know to approve a program, 6

Clinical pharmacy course, student evaluation of a pilot, 19

Clinical significance of particulate matter, 137

Colostomy patient, information for the, 166

Coughs, 436

Counseling, patient
- A protocol for consultation with discharged patients about their medications, 175
- Discharge prescriptions, 61
- Information for the colostomy patient, 166
- Is someone counseling your patients about their medications? (editorial), 174
- Let's inform the public about prescription records, (editorial), 1
- Patient test for nitroglycerin potency, 30
- Prescription information for patients, 93

Dental patient, therapeutic measures for the, with cardiovascular disease, 96

Diabetic clinic, a study of pharmacist contributions in an outpatient, 15

Dilutions, 134

Diphenylhydantoin, 419

Directors, pharmacy service, in primary medical school hospitals, 103

Discharged patient, drug interview, 175

Disinfectants, dollars and diplomacy, 215

Dividing dosage forms, 270

Drug(s)
- and diet, orange juice in hyperkalemia, 61
- Availability of single unit packages of, 277
- distribution in a Friesen concept hospital, 366
- Drug-protein binding and interpretation of measurements of plasma concentrations of, 22
- Foreign, important,
  - Amiloride hydrochloride, 226
  - Practolol, 315
  - Salbutamol-albuterol, 200
- Inhibition of drug metabolism by, 162
- Intermittent IV administration of, 60
- Rate of metabolism, in chronic liver disease, 234
- Rational therapy, biological half-life and, 68
- Sleep and dreams, 336
- Therapy, individualization of, 376
- Therapy surveillance by a pharmacist in a cancer research center, 46

Drug companies, emergency phone numbers of, 268

Drug information sharing service, 222, 261

Edema, 418

Editorial
- Dangerous "once daily" abbreviations, 243
- How many pharmacists do you have on your staff? 273
- Is someone counseling your patients about taking their medications? 174
- It's a good thing when filters clog, 136
- Let's inform the public about prescription records, 1
- Summer jobs for pharmacy students, 66
- Wanted: practitioners for faculty appointments, 34

Education, adult, is more than teaching grown-up children, 211
- pharmacy, student evaluation of a pilot clinical pharmacy course, 19
- Wanted: practitioners for faculty appointments, (editorial), 34
- continuing, clinical, course, (letter), 30
- Intrapharmacy newsletter, 232

*(Continued on page 428)*

*(Continued from page 426)*

programs for staff development, 226

Emergency phone numbers, of drug companies, 268

Filter(s)
A comparison of commercial final filtration devices, 141
Clinical significance of particulate matter, 137
It's a good thing when filters clog, (editorial), 136

Formulary, hospital, effects of a, on drug prescribing by physicians in private practice, 254

Friesen concept hospital, drug distribution in a, 366

Gentamicin, 386

Glucose depression with Keto-Diastix reagent strips, 167

Glycerin, 418

Half-life, biological, and rational drug therapy, 68

Hiccups, management of, 96

Hospital pharmacy design based on functional requirements, 397

Hyperalimentation, pediatric, 91

Hyperkalemia, 61

Hypocalcemia, 419

Hypothyroidism, 262

Insulin, 361

Iron supplements, oral, and GI upset, 205
solutions, and tooth staining, 222

Isoniazid
Clinical importance of acetylation phenotype, 89
treatment in tuberculosis, 28

IV
A comparison of commercial final filtration devices, 141
Administration of drugs, intermittent, 68
Catheters, recommendations for the insertion and maintenance of, 337
Clinical significance of particulate matter, 137
Flow rates, factors affecting, 141
It's a good thing when filters clog, (editorial), 136

Jaundice, 53, 168

Levodopa, liquid formulation, 261

Lithium, 262

Liver disease, 28
Biliribuin, 53
BSP retention, 164
Paraldehyde for, 263
rate of drug metabolism in chronic, 234

Mechanical drug distribution system, a copy of physician's orders and patient profile used in, 188

Medication administration record, simultaneously produced from physician's order, 124

Medication, patient's own, 60, 166
Pre-op, combinations, 134

Medication errors, how to increase reporting of, (editorial), 210

Medication profile record
A copy of, in a mechanical drug distribution system, 188
pediatric, use of a, 44

Mental hospital, see psychiatric hospital

Midamor, 266

Mk 870, 266

Narcotics, discarded or wasted, 302

National relicensure examination, (letter), 346

Newsletter, intrapharmacy, a workable method of continuing education, 232

Nitroglycerin potency, patient test for, 30

Nursing
Adult education is more than teaching grown-up children, 211
Helping to bridge the communications gap with joint conferences, 86
Implications for warfarin administration, 168

Nursing homes, how unit dose can help solve some problems of, 78

Nutrition, parenteral, total, some practical considerations in, 91
pediatric pharmacist should understand, 26

Paraldehyde toxicity, 263

Particulate matter, clinical significance of, 137
See under filters

Pediatric doses, comment on, (letter), 346

Pediatric medication profile record, use of a, 44

Pediatric pharmacist
Becoming a clinical, 198
The pediatric pharmacist should understand nutrition, 26

Parenteral nutrition, 91

Penicillin tablets, a practical cleaning procedure for use following unit dose packaging of, 42

Phenobarbital, 419

Physician's order and nurse's medication transcription, a copy of, 124

Physician's orders and patient profile, a copy of, used in a mechanical drug distribution system, 188

Pneumonia, 386

Practolol, 315

Prescriptions, discharge, 61, 175

Prescription records, let's inform the public about, (editorial), 1

Private hospital, one-year review of a unit dose system in a, 10

Problem oriented record, 2

Profile, medication, record, use of a pediatric, 44

Prothrombin time, 384

Psychiatric hospital, clinical pharmacy in a, 290

Radiopaque agents, intravascular, sensitivity testing of, 28

Sensitivity testing of intravascular radiopaque agents, 28

Solutions
antiseptic, for hospital use, 60
light-sensitive, protection of, 30

Stability data, Tubex, 310
Levodopa, 261

Staff, hospital pharmacy, development, programs for, 226

how many pharmacists do you have on your, (editorial), 273
Staffing patterns, pharmacy, for a unit dose medication distribution system, 229
Summer jobs for pharmacy students, 66
Technicians, hospital pharmacy, their education, training, use and evaluation, 257
Theophyline, oral, 224
Tooth staining, from oral iron, 222
Tuberculosis, isoniazid treatment in, 28
Tubex, stability data for, 310
Ulcer, decubitus, therapy, 29
Unit dose
can help solve some problems of nursing homes, how, 78
comes of age, 98
Unit dose medications, administration of, 270
tablets, a practical cleaning procedure for use following, 42
Unit dose system
any hospital can afford, 351
availability of single unit packages of drugs, 277
implications of a, 35
in a Friesen type hospital, 366
one-year review of a, in a private hospital, 10
pharmacy staffing patterns for a, 229
Vitamin D, 419
Warfarin administration, nursing implications for, 168
Weed system (of medical recording), 2
Zephiran, 215
